

The Rainbow Rim

a novel
by Michael Just

Ann Amstead, an aging, one-time prostitute who can still turn heads, returns to the small, Illinois town where she was forced to give up her baby when she was just 16. She comes back to make amends to her son 18 years later, but ends up kidnapping Martin from a life wasted in an institution. They're hunted by Martin's father, a minister, who has an arrest warrant in his pocket and his brother, the Sheriff, by his side. Take a ride on the back of Ann's Harley from heartland prairie to L.A.'s skid row.
